Bad Shooting Affair out at Golden Arrow

A shooting scrape occurred in the Golden Arrow district Thursday morning, and of which but meagre details are procurable, owing primarily to the fact that there appears to be no eye-witness of the affair and that Frank Hall, the victim of the shooting, was shot through the neck in such manner that he is unable to talk. He is now in the Miners' hospital. Not only was he shot through the base of the neck, but his assailant, Herbert Conway, beat him over the head with the butt of a heavy revolver, fracturing his skull. Hall is in a critical condition. He was brought to town last evening by a man named Blewett, but the latter will say nothing of the shooting, evidently not desirous of making any statements until on the witness stand. Conway, as alleged by Blewett, is en route to town and will turn himself over to the officers today.

Hall and Conway are prospectors who have holdings in the Golden Arrow district, and there is no record that there has been bad blood between the two men insofar as the Bonanza could ascertain last evening. Blewett says that he went to Hall's cabin after hearing of the shooting, and found him in a bad condition. The few men who are working in the Golden Arrow section were consulted and it was at first decided to have a physician come to that camp to attend to the injured man, but it was later seen that the best thing was to bring Hall to town. One of the peculiar phases of the shooting is that Hall was shot with his own pistol.

WILL BUILD A BIG MILL AT INYO

SKIDDO, Jan. 14.—T. G. Crawford, of the Cashier mine at Harrisburg, in Inyo county, California, who has been working hard for the past two years to develop the property and get it into producing condition, says his plans now are near realization. Both by tunnel and shaft large ore showings have been made, as well as considerable dumps, mainly good grade milling ore.

Mr. Crawford has at last succeeded in arranging for the construction of a mill at the Cashier mine. Eastern people agreed to put up a ten-stamp mill, provided Crawford could manage the water supply required.

site. This he has accomplished by purchasing from Warneck and partners of Ballarat the water rights they had in Jail canyon, which gives a flow of eight miners' inches—more than sufficient for ten stamps.

As the Skidoo mines pipe line passes within 100 yards of this water, and over the Harrisburg flats, close to the Cashier property, Crawford arranged to have this water pass through the Skidoo pipe line to Harrisburg. The pipe, line being composed of ten-inch and eight-inch pipe, has abundant carrying capacity and will prove an inexpensive way of getting the supply on the ground.

The mill will be completed in every detail, with cyanide lixiviation, and will be erected as soon as possible. It is claimed that the lowest grade ore will yield at least \$10 in the mill, and from that upward. There seems to be a great plenitude

TELEPHONE OFFICE HAS BEEN MOVED.

The central office of the Southern Nevada Consolidated Telephone and Telegraph office was moved yesterday from the old quarters in the rear of the Lothrop-Davis company building to the Brokers Exchange building, next door to the Postal telegraph office. Preparations have been under way for the past two weeks for this move, so there was practically no delay and inconvenience in the telephone service. The new office is somewhat more centrally located than the old and is considerably larger and will afford the company an opportunity to render a better service—not that the old service was poor, for it is a well known fact that the telephone service in southern Nevada is far superior to that received in the larger cities.

HOW TONOPAH SAW THE FIGHT

One of the principal features at the fight last evening in Goldfield was the attendance of the Tonopah sports. The interior of the Athletic club building, where the fight was pulled off, somewhat resembled a gathering of Tonopah notables, for they were easily in the majority of those present. Three passenger cars loaded to the guards left the local depot at 7:30 o'clock last evening with the fight enthusiasts of this burg, and then there were quite a number of auto loads which journeyed to the southern city to cheer for Weeks. After the scrap was over the Tonopah crowd started out and gave the residents of Goldfield an idea of how they do things in the county seat of Nye. In fact the streets of Goldfield could easily be taken for the streets of Tonopah, for none but faces of the visitors could be seen.

The last fight that was held in this city attracted about seven people from Goldfield, and then both of the fighters were residents of that city. It is awful to think what the attendance would have been last night at the fight if Tonopah had not attended.

A MACCABEE SOCIAL AFFAIR

A most pleasant card party and dance was given in the Nevada theater building last evening by the local lodge of Ladies of Maccabees, being the second of a series of such entertainments which are being given by the ladies. The evening passed all too quickly for the merry makers, for beside cards and dancing, there was a most substantial lunch for the delectation of the inner man—and woman. The prize winners at the card games were:

Ladies—First prize, Mrs. Brann; second prize, Mrs. Keenan; booby prize, Miss Julia Finnegan.

Gents—First prize, Archbold Graham; second, Sam Hoskins; booby, Curley McLeod.

of ore, not only in the Cashier ground, but in contiguous territory as well, to supply much more than ten stamps, so the success of the enterprise seems assured.

WERE GIVEN A REAL SURPRISE PARTY THURSDAY

A number of the friends of Mr. and Mrs. George Philippi gave that couple a most enjoyable surprise party at the Philippi residence Thursday evening, the event in honor of the twelfth wedding anniversary of this popular couple. The surprise was complete, and when friends and neighbors kept dropping in, all armed with baskets or parcels of some kind, Mr. and Mrs. Philippi recovered from their confusion and made their guests right at home. Games and music helped to while away the evening, and then there was a bounteous collation for all, which evolved from the baskets and packages brought in by the visitors. A number of appropriate and much appreciated presents were received by Mr. and Mrs. Philippi. Those present were:

Mr. and Mrs. Arnett, Harrison, Mayberry, Recht, Merton, McAllister, Adams, Malone, Wigal, Merton, A. C. Smith, Du Bois, Mrs. Van Buskirk, Mrs. Murphy, Mr. Boak and Miss Perry.

"WE ARE KING" IS A STRONG ATTRACTION

Mr. A. W. Cross presents Mr. Edmund Carroll, whose success in "We Are King" has been marvelous, having played to uniformly large business. It is a splendid vehicle for Mr. Carroll to display his talents and it is needless to say he takes full advantage of the opportunity. The management of the Pavilion announces the appearance of Mr. Carroll here next Wednesday night.

There are many of the great dramatic attractions that have never been on the coast, and yet that particular attraction may have enjoyed most successful engagements throughout the eastern and central states.

In the engagement of "We Are King" the theatergoers of this city will have the pleasure of witnessing just such a play. This attraction has proved to be one of the big successes in the eastern states, and was for three seasons Mr. Walker Whiteside's starring vehicle. Since Mr. Whiteside produced "The Magic Melody" Mr. Edmund Carroll, who supported Mr. Whiteside for three seasons, has been portraying the double role of Gustavus Verner, and Hector, king of Kahnburg.

BURNS ANNIVERSARY MEETING IS CALLED

All gentlemen interested in celebrating the 150th anniversary of the immortal Scottish bard and poet, Bobbie Burns, are requested to meet this afternoon at 3:30 p. m. at the office of Hugh H. Brown, State Bank and Trust building, to form a committee to insure the success of the celebration.

The meeting is called by Arthur Burrows, who is interested in the movement and is an ardent admirer of the Scottish bard.

MANY KILLED BY THE COLLAPSE OF A CHURCH

BERNE (Switzerland), Jan. 13.—During services Sunday an ancient church near Sion collapsed, burying the worshippers in the ruins. Practically all the members of the congregation were killed or injured.

The wildest panic prevailed, those who escaped rushing through the fields, shouting that an earthquake had overtaken the village. Other villagers joined in the outcry, and were with difficulty calmed.

After an hour's exertion the fire company extricated forty corpses, but it is believed that a number are still under the timbers. Sixty persons were badly injured. The collapse was caused by the timeworn pillars in the underground crypt giving away.

The bindery of the Bonanza is turning out the best work in the city, and it is giving such great satisfaction that anyone who has his work done there once, never goes anywhere else. The plant is the finest and most complete, not only in the State, but this side of San Francisco. We can turn out all kinds of work that is demanded in the offices of lawyers, brokers, promoters, mining companies, or for any other kind of business, and we guarantee satisfaction in every respect. One trial will be sufficient to establish the truth of this statement. It pays to go where only the best kind of work is done, and it pays to patronize home industry.
